Free Samples

Greetings. My name is Thomas Park. In music, I was also known as mystified, AutoCad, Mister Vapor, Grid Resistor and Model 201.

Here are some media samples I have collected and/or generated. They are available for free use in the public domain.

I welcome you to listen to and/or to use these samples in your compositions and various endeavors.

For more information about my various creative projects, feel free to visit my hub at archive.org: https://archive.org/details/ThomasParkBenchmarkHub
